### *Finding Common Interests*

You will have the opportunity to put your name and contact information on lists organized by key areas of interest you may have while at the lake, such as bird watching, canoeing/kayaking, playing cards, etc. You will also be able to start a new list for any strong interest of yours. Later, we will distribute copies of the lists to everyone who has expressed an interest in a particular subject and you can go from there.

### *Directions*

**By Land :** From Watson's Corners Road (county road 8), go north on Dalhousie Concession 8B until you see the sign for Purdon's Cottages on the right.

**By Water :** Purdon's Cottages are at the westernmost end of the lake. You are encouraged to travel by canoe or kayak. There will be lots of room to park your boat on shore.

If travelling by motor boat, please try to 'boat pool' with your neighbour(s) in order to ensure that there is enough dock space available.

### *Rain Delay*

If it rains on August 8, the picnic will be held on Sunday, August 9 (same hours).
